

Research Study Invitation:

The ABLE Virtual Game Platform for Older Adults

What: You invite you to attend 2 – 3, one-hour online interviews to help us finalize the design of an app that helps older adults with cognitive impairment stay active while playing games and making art with family and friends.

We can first meet with you, online, to help you to use the ABLE website on your computer or tablet. We can also loan you (free of charge) a tablet and Internet connection, and teach you to use these, if you wish.

Who: Older adults or caregivers of older adults with mild or moderate cognitive impairment, healthcare professionals working with people with cognitive impairment, and/or participants/affiliates of the Alzheimer Society's Minds in Motion program, GERAS (McMaster), MIRA (McMaster), Hamilton Council on Aging or the YWCA, Hamilton.

Please reach out to discuss if you are curious!

Where: Online, in a secure meeting via Zoom

When: At a convenient time for you between January and February 2023.

Contact us: If you would like to take part or would like to know more, please call Jess Rauchberg, (free of charge) at:

289-309-1644 or 1-(888) 546-7905

Funding provided by: **The New Horizons for Seniors program,
Government of Canada**

REB# 7917, **Version 9, 03-22-22** reviewed by the Hamilton Integrated Research Ethics Board
